

## BATCH MIXER

**Engine:** Caterpillar C9 300 bhp Diesel Engine or Equivalent  
**Tanks:** 2 x 70 BBL Mild Steel Tanks usable volume of 60-65 BBL per tank.

**Coating:** Derekane Coating for Anti Acid applications up to 32% HCL for Tanks

**Agitators:** One (1) Each Agitator in each Tank

**C Pump:** Two (2) C Pumps of Size – 4 x 5 x 11

**Controls:** Mounted in a Control Panel with Air Strut supported with closing lid.

**Valves:** Acid Resistant PTFE Butterfly Valves

<b>Skid</b>	Custom-made heavy-duty skid with Crash Frame L x W x H – 9.6 x 2.55 x 3.50 m
<b>Engine</b>	Caterpillar C9 300bhp Diesel Engine
<b>Hydraulic Pump PTO</b>	John Deere Funk 2800 Series

<b>Hydraulic Pumps</b>	2 x Parker Hydraulic Pumps (all hydraulic hoses in the unit are from Gates)
<b>Hydraulic Motors</b>	2 x High Torque Hydraulic Motors for Agitators
<b>C Pumps</b>	2 x Hydraulic driven 6"x5" Double Life (USA) C Pump
<b>Tanks</b>	2 x 70 bbl mild steel tanks usable volume for mixing 60-65 per tank
<b>Anti-Acid Coating</b>	Derekane anti acid coating up to 32% HCL for tanks, all piping, agitators and pumps
<b>Platform</b>	Platform with Roof
<b>Controls</b>	Mounted in a control panel with air strut supported closing lid
<b>Butterfly Valves</b>	Acid resistant PTFE Butterfly Valves
