

WELL TEST PUMP UNIT

COMPLIES WITH :

- DNV GL 2.7-1. Portable Offshore Containers
- ATEX 2014/34/EU
- EN ISO 4413:2010
- EN ISO 4414:2010
- 2006/42/EC European Machinery Directive.
- PED 2014/68/EU Pressure Equipment Directive.

CLASSIFICATION:

- Located in Zone 1, Gas Group II B, Temperature Class T3, Area
- ATEX marking: Ex II 2G Ex h IIB T3 Gb

SPECS:

- Low pressure pump, displacement/cycle: 260ml
- Low pressure pump ratio: 12:1
- Low pressure pump maximum pressure: 1000 psi
- High pressure pump ratio: 100:1
- High pressure pump, displacement/cycle: 13.4ml
- High pressure pump maximum pressure: 10,000 psi
- Recommended pump air requirement: 75 cfm
- Maximum air supply pressure: 140 psi
- Minimum air supply pressure: 90 psi
- 10k system relief valve set: 10,400 psi
- 1k system relief valve set: 1,300 psi
